Project Name	Credit Card Approval Prediction
Maximum Marks	2 Marks

Customer Journey Map

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Visits the application portal - Enters personal and financial details - Checks eligibility	- Uploads required documents. - Submits the application - Waits for verification	- Views the approval or rejection result - Reviews the prediction - Takes the next steps
Touchpoint <i>What part of the service do they interact with?</i>	- Web application - Eligibility form - User interface	- Document upload page - Application form - Verification system	- Results page - Notification message - Customer dashboard
Customer Thought <i>What is the customer thinking?</i>	- Am I eligible? - Will my details be enough? - Is this process simple?	- I hope my application is complete - Will I be approved? - How long will it take?	- Was my application approved? - Is the prediction accurate? - What should I do next?

Customer Feeling <i>What is the customer feeling?</i>	• Curious, hopeful	• Anxious, uncertain	• Happy if approved, disappointed if rejected
Process Ownership <i>Who is in the lead on this?</i>	• Customer	• Customer & Bank System	• Machine Learning System & Bank
Opportunities <i>How can we improve this stage?</i>	• Provide instant eligibility check. • Make the form user-friendly • Give clear instructions	• Simplify document upload • Reduce processing time • Validate inputs automatically	• Provide instant results • Explain the decision • Suggest ways to improve eligibility
